Hands-On Green Building Workshop

“Caulk is Cheap”

Saturday May 22

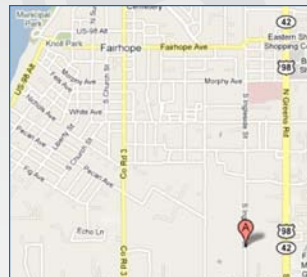

Co-Sponsored by Gulf Coast Branch of Alabama USGBC
and

8:00 to 9:00 – Green Building & Energy-Efficiency Workshop
9:00 to 12:00 – Volunteer Opportunities to practice skills
12:00 to 1:00 – Lunch by Habitat & networking
1:00 to 3:00 – Volunteer Opportunities to practice skills

Learn about building envelope sealing, insulation and other simple green building techniques

Two locations in Baldwin County, AL to choose from

1) **Fortified for Safer Living project:** 19053 S. Ingleside Ave, Fairhope, AL
(This house will also host “Concrete Results” Open House on May 27th at Noon. Learn about hurricane-resistive construction and how Habitat is using it to reduce insurance costs.)

2) **Womenbuild project in Foley:** 17673 Dailey Lane, Foley, AL
(Both homes have new and exciting products and methods being used, so everyone can learn something.)

To sign up, please email
alex@baldwinhabitat.org or call
251-943-7268. (Shop at or donate to
their home improvement ReStore – click
